## Preface

This book is the result of collecting chords for the songs we play in the Church over a period of a three of years.

This book has got chords and timing for the songs. This could be of great help if you are beginning to play any instrument like guitar or keyboard. If you are an experienced player, this could be a reference manual.

I chose "CHORDS OF THE KINGDOM" as the name of this book just because earlier our Church had released the Church song book as "SONGS OF THE KINGDOM" and most of the songs in this book are from that book.

Since this book is about learning chords for Christian songs, you will not find the full songs but you will find the complete chords to play the full songs. If same chords are used in verse 1, 2 & 3, you will find chords and lyrics only for verse 1. Once you know the chords for verse 1, the same can be used for other verses also.

Initially Osbert Paul and Henry Milun Zou helped me to com up with this book. I am really thankful for both of them for their great support and help. They have always been willing to help, even in late nights and early mornings. Thank you so much Osbert. Thank you so much Henry.

Corrections and suggestions are welcome. Please send your comments to [verfran@hotmail.com](mailto:verfran@hotmail.com).

Psalms 33:3 says "***Sing to him a new song; play skillfully, and shout for joy.***" (NIV) As we sing and play skillfully I pray that we will be able to bring glory to God. To God be the glory.
